

<b>Pre-Season Curly Leaf</b>		
<b>WEEK #1</b>		
24	25	26
HARVESTING	HARVESTING	HARVESTING
<p>Training day. The pre-season curly leaf project begins. All harvesters in Lakewood today working north from the shop along west shore.</p>	<p>Crew split today as planned. Lakewood crew continued north along west shore to Front Street. Long Point crew started at Ashville Bay working north along west shore to Quigley Park.</p>	<p>Due to the storms today crews stayed close to base. Lakewood crew worked from the CLA to Lakewood boat launch. Then continued along the Lakewood shore to Shadyside. Long Point crews worked in the narrows along the west shore from the bridge to Upper Stow.</p>
6 harvesters = 3 truckloads	12 harvesters = 6 truckloads	14 harvesters = 7 truckloads

27	28	
HARVESTING	MEMORIAL DAY - 1/2 DAY	
	HARVESTING	
Lakewood crew continued working north along the west shores of Lakewood to just above Shadyside. Long Point crew continued in the narrows along the west shore working from the Ferry towards the bridge.	Today was a half day. Due to the extream cold and rain crews worked again close to base. Lakewood crew focused on the area from the lakewood launch to the Rod & Gun. Long Point crew worked in upper Stow.	
26 harvesters = 13 truckloads	2 harvesters = 1 truckload	

<b>WEEKLY TOTAL</b>
60 harvester loads = 30 truckloads were rem
This equals 300 Tons = 600,000 Pounds
